ON MY  
MIND

Devyn J Brewer

I create art because I have to. Not because I have to have a job or pay bills, but because I need it. I need art in my life like grass needs sunshine. Sure, grass will still grow without sunshine, but it sure wouldn't look the same.

Graphic design is the ultimate multimedia art form. I love combining what I have learned about sculpture, painting, printmaking, drawing, typography, pottery, and fiber arts to create something new and exciting that can be used in an almost infinite number of ways through print or web design.

I believe that every artwork that is worthwhile was created with passion. Passion does not have to scream or cry or laugh, but at the very least, it should tell the viewer that the artist truly cared. I pour passion into every work of art I create, in hopes that others can see it too.

## TRAIN NOISE IN FOCO

DEVYN BREWER  
TRAIN NOISE

Do the train whistles wake you up or keep you up at night? This is the question we posed to a sample of 100 Fort Collins residents. Some residents who lived within two blocks of the tracks stated that the train whistle was not a bother, and was even part of the charm of our mountain city. Other residents vehemently disagreed.

## PLEASE LET ME SLEEP!

Train whistles become the archenemy of REM sleep.

By Owen Chantrey

Right as I am drifting off to dream land, the obnoxious tune of train whistles penetrates my double paned windows and chases away the serenity I had worked so hard to build. Donec gravida eros vel magna bibendum, quis elementum nisi luctus. Donec fermentum augue risus, vel vestibulum elit pulvinar eget. Sed vehicula sollicitudin rutrum. Donec sit amet dui vestibulum, blandit turpis vitae, pharetra tellus.

Ut facilisis quis tellus eu congue. Sed lectus mauris, tincidunt in justo ac, dapibus gravida purus.
